

DSpace Community Networking Survey April 2009

Introduction

The goal of this survey is to provide information to the DSpace community and help facilitate connections between institutions and individuals using the DSpace platform. The survey was designed by the DSpace Global Outreach Committee, with the support and coordination of the DSpace Foundation. The DGOC is made up of a group of DSpace users from around the world. The information gathered from this survey will be made available to registered members of the DSpace user community in a dynamic database. Any information in the database will be available for update as often as is necessary.

The survey consists of 25 questions. Most of the questions are multiple choice and we estimate it should only take you about 15 minutes to complete. You CANNOT save a partially completed survey and return later, so please finish the survey once you start it.

We encourage all individuals working with DSpace, regardless of their specific role or the size of their institution, to complete the survey to the best of their ability.

Everyone who completes the survey by April 16, 2009 will be eligible for a drawing for a \$100 gift certificate to Amazon.com.

Thank you in advance for completing the survey.

-the DSpace Global Outreach Committee and the DSpace Foundation

* 1. Are you currently using or evaluating the DSpace platform?

Yes, using DSpace

Yes, evaluating DSpace

No

Unfortunately, you do not qualify to take this survey.

General Information About Your Organization

2. Please provide the information below. The information will be used to help build a DSpace community network.

Your Name:

Position:

Organization:

Email Address:

Repository Name:

Repository URL (if public):

3. What type of institution/organization do you represent? Choose all that apply.

- Academic (i.e., college, university, technical school)
- Research Center
- Museum/Gallery
- Archive/Public Library
- Consortium
- Government
- Medical Center/Hospital
- National Library
- Corporate
- Consulting/Service Provider

Other (please specify)

4. How many full-time equivalent staff work on your repository? Enter as numbers (i.e. 1.0, 1.5). If appropriate, use fractions for individuals that have more than one role.

Administrators/Library Director	<input type="text"/>
Repository Managers	<input type="text"/>
Library Staff	<input type="text"/>
Systems Manager	<input type="text"/>
Developers/Programmers	<input type="text"/>
Other	<input type="text"/>

DSpace Community Networking Survey April 2009

5. Which of the following best describe your established (or anticipated) communities and collections in your repository? Choose all that apply.

- Faculty/Student Output (i.e. publications, presentations, thesis, dissertations)
- Learning Resources (i.e. course packs)
- History/Art archives preservation
- Community/Cultural project
- Research or development organization/project
- Government Documents
- Non-government Records/Reports
- Corporate Repository
- Subject/Special Collections

Other (please specify)

6. How are the communities/collections in your repository structured? Choose all that apply.

- by department
- by school
- by type of material
- by library collections
- by topics/subjects

Other (please specify)

7. What metadata do you store with your items in DSpace? Please check all that apply.

- Dublin Core (the default configuration or standard DCMI vocabulary)
- Customized Dublin Core
- RDF, stored in a bitstream in the item
- MARCXML
- MARC-MODS (Metadata Object Description)
- PREMIS

Other (please specify)

DSpace Community Networking Survey April 2009

8. When did your DSpace repository go into production? Enter as a date or estimated date (i.e. Jan 06, Aug 09, or still evaluating).

9. How many items do you estimate are currently deposited in your repository?

<100

between 101-2,500

between 2,501-5,000

between 5,001-10,000

between 10,001-50,000

>50,001

10. Approximately what percentage of records in your repository have a full text item (bitstreams) attached? In other words, if you have metadata/citation only records, what percentage of the records in your repository have file attachments?

100%

75%

50%

<50%

11. What type of content do you have in your repository now or plan to have in the future? Select all that apply.

	Have in DSpace now	Plan to store in DSpace in the future
Referred scholarly articles	<input type="checkbox"/>	<input type="checkbox"/>
Thesis/dissertations	<input type="checkbox"/>	<input type="checkbox"/>
Teaching materials	<input type="checkbox"/>	<input type="checkbox"/>
Learning resources	<input type="checkbox"/>	<input type="checkbox"/>
Websites	<input type="checkbox"/>	<input type="checkbox"/>
Digital surrogates of library materials	<input type="checkbox"/>	<input type="checkbox"/>
Images	<input type="checkbox"/>	<input type="checkbox"/>
Video files	<input type="checkbox"/>	<input type="checkbox"/>
Link to streaming video	<input type="checkbox"/>	<input type="checkbox"/>
Audio files	<input type="checkbox"/>	<input type="checkbox"/>
Link to streaming audio	<input type="checkbox"/>	<input type="checkbox"/>
Datasets	<input type="checkbox"/>	<input type="checkbox"/>
Software source code	<input type="checkbox"/>	<input type="checkbox"/>
Government/legal documents	<input type="checkbox"/>	<input type="checkbox"/>
Emails	<input type="checkbox"/>	<input type="checkbox"/>
Infrastructure/Administrative (i.e. meeting minutes, inventory asset records)	<input type="checkbox"/>	<input type="checkbox"/>
Conference output	<input type="checkbox"/>	<input type="checkbox"/>
Technical reports	<input type="checkbox"/>	<input type="checkbox"/>
XML files	<input type="checkbox"/>	<input type="checkbox"/>
Metadata only (no files attached)	<input type="checkbox"/>	<input type="checkbox"/>
Other (please specify)	<input type="text"/>	

Technical Information About Your Repository

* 12. What version(s) of DSpace is being used at your organization? If you are using multiple versions, please use the "Other" category to indicate which one is in production.

- < or = 1.2 or 1.2.x
- 1.3 or 1.3.x
- 1.4 or 1.4.x
- 1.5 or 1.5.x
- Bleeding-edge SVN version

Other (please specify)

DSpace Community Networking Survey April 2009

* 13. We plan to upgrade to 1.5.x in

<3 months

<6 months

<1 year

Already upgraded

Don't plan to upgrade

Don't know

14. You indicated in the previous question that you either you do not plan to/you do not know if you will upgrade your DSpace repository, please describe why below.

15. Which of the following best describes how much you've modified DSpace from the version you downloaded? Choose all that apply and describe.

- Almost no changes (just configuration)
- Minor cosmetics (e.g. stylesheet/fonts, added logo)
- Significant user interface customization
- Implemented new features
- Significant changes to core code/architecture

Please describe your modifications:

DSpace Community Networking Survey April 2009

16. Do you use any extra features or addons developed by other DSpace community members that are not in the DSpace release as downloaded from SourceForge.net? Please check all that apply.

- Minho Statistics Package
- SWORD
- Google Indexing
- Integration of Sakai
- Integration of the Open Journal System
- Integration of DOME
- Integration of Moodle
- Integration of Shibboleth
- Creative Commons OPen URL
- SFX
- We do not use any addons

Other (please specify)

17. Which user interface are you currently using in production? Choose all that apply.

- JSP-UI
- XML-UI (Manakin)

18. Which interface do you prefer?

- JSP-UI
- XML-UI (Manakin)
- Don't know
- Neither

DSpace Community Networking Survey April 2009

19. What operating system does your repository run on?

- UNIX
- Linux
- HP/UX
- Solaris
- Microsoft Windows

Other (please specify)

20. What servlet engine and version do you use for your repository?

Jakarta Tomcat	<input type="text"/>
Jetty	<input type="text"/>
Caucho Resin	<input type="text"/>
Other	<input type="text"/>

21. Which version of Java are you using?

< or = J2SE 5.0

Java SE 6

Java SE 7

22. What relational database and version do you use for your repository?

PostgreSQL	<input type="text"/>
Oracle	<input type="text"/>
MySQL	<input type="text"/>
Other	<input type="text"/>

23. How do you currently back-up the data in your repository?

24. What statistics package do you use to analyze your repository?

- Minho Stats Package
- University of Rochester Stats Package
- Google Analytics
- We do not analyze the use of our repository

Other (please specify)

DSpace Community Networking Survey April 2009

25. The primary goal of the DSpace Global Outreach Committee is to help facilitate more regional support, trainings, user group meetings and resources for the DSpace user community world-wide. Please describe any specific projects you would like the DSpace Global Outreach Committee to work on below.

The DSpace Global Outreach Committee and the DSpace Foundation thanks you for your time. We look forward to sharing the results with you.
